MORE THAN 50,000 CASES SINCE 1987

Robson Forensic is a national leader in expert witness consulting, providing technical expertise across many fields (<http://www.robsonforensic.com/practice-areas>) within engineering, architecture, and science, as well as an expansive range of specialty disciplines.

We provide investigations, reports, and testimony where technical and scientific answers are needed to resolve litigation and insurance claims.

At Robson Forensic you will find highly respected experts (/experts) from both industry and academia. It is likely that one of our forensic experts has done the work central to the issues of your matter, and can testify accordingly.
